Inspection / Walkthrough / Q&A

- Lake County is requesting a “special inspection” to be conducted by the Lake County Building and Engineering Department. They will have an inspector on-site, who will assess the scope and feasibility of the improvements and determine what permits will be required. Lake County is “requesting” the contractor, whom might be awarded the contract to be on-site too and they will be able answer questions concerning the scope of work to be done. The day and time for the walkthrough is:

February 4th, 2019 between 12:00 PM - 3:00 PM.

- LCHA understands this is a broad range of time and we will send out another amendment February 8th, 2019 outlying what needs to be done, however, it would behoove Respondents to be present and ask any specific questions concerning this project.

This is to be amended to read:

The **NEW** hour and date specified for receipt of bids/proposals is listed as:

10 AM February 22nd, 2019

Responses received later than the date and time specified will be rejected or deemed nonconforming. LCHA assumes no responsibility or liability for late delivery or receipt of responses. Notification of selection or non-selection of all Respondents who submitted conforming responses will be listed on the LCHA website when the selection process is final.
